HIZ025

Big Island North And East

14 16	2100HST 0400HST				0	1			Strong Wind (MG40)
----------	--------------------	--	--	--	---	---	--	--	---------------------------

Strong high pressure north of the state brought breezy conditions to all the Hawaiian Islands. Winds were sustained at over 20 mph for much of the period described above, with gusts as high as 46 mph. One boater in a catamaran was slightly injured when the gusty winds capsized his vessel in Hilo Bay. Several trees were downed on the islands. About 9000 residents on Oahu and 6800 on the Big Island of Hawaii lost power for a time as the winds played havoc with electrical lines.
